WILDFIRE ACTIVITY STATISTICS

FOREWORD

The California Public Resources Code directs the State Board of Forestry to designate state and privately owned forest, watershed, and rangeland as "State Responsibility Area." The department's fire protection mission is to protect natural resources on those lands from damages by wildfire. Land not designated as State Responsibility Area is the protection responsibility of federal or local agencies.

The Department of Forestry and Fire Protection provides direct protection for most State Responsibility Area. The remainder is protected by several agencies and counties under contract with the state. The Department of Forestry and Fire Protection also contracts to provide wildland fire protection on certain federal lands, and also provides contracted life and property protection for numerous local governments.

This annual report is primarily a statistical record of fires and damages on State Responsibility Area, and on other areas which the Department of Forestry and Fire Protection protects under contract.

The 1988 publication of Wildfire Activity Statistics was produced from an automated database. This database includes eighty data elements from the FC-18 Fire Report document. Prior to 1987, data in statistics were tabulated manually.

The Sacramento Headquarters Planning staff would be interested in any input of reports which would be of interest in future publications.

GLOSSARY

CDF = California Department of Forestry and Fire Protection

CONTRACT COUNTY = Counties that protect State Responsibility Area with their fire departments. For providing that protection the counties receive payment from the state, and CDF support and reinforcement as needed for fire suppression. There are six contract counties: Kern, Los Angeles, Marin, Orange, Santa Barbara, and Ventura.

DIRECT PROTECTION = The area protected by an agency with its own fire protection force.

FEDERAL ZONE = The direct protection area Of U.S. Forest Service, Bureau of Land Management, National Park Service, Department of Defense, and Bureau of Indian Affairs. State Responsibility Area within federal zone is protected by federal agencies. For providing that protection the federal agencies receive payment from the state.

LOCAL ZONE = Area in which there is no State Responsibility Area. In general, this is valley floor and desert land. Fire protection in local zone is provided by local government agencies; such as, cities, counties, and fire districts, or by the CDF under contract to local governments.

LOCAL RESPONSIBILITY FIRE = A fire that did not burn or threaten to burn natural resources.

STATE RESPONSIBILITY AREA (SRA) = The area designated by the State Board of Forestry on which the state assumes financial responsibility for protecting natural resources from damage by fire.

STATE RESPONSIBILITY WILDFIRE = A fire in SRA which burns or threatens to burn natural resources.

STATE ZONE = State Responsibility Area and intermingled islands of federal land protected by the CDF and contract counties. Most federal land in state zone is protected by the CDF under contracts with federal agencies.

WILDFIRE = Contraction of "wildland fire." This term is used by wildland fire protection agencies to indicate a vegetation fire. Wildfire generally replaces such terms as forest fire, brush fire, range fire, and grass fire.

WILDFIRE STATISTICS

ALL AGENCIES

1988 FIRE SEASON SUMMARY

This year was considered a drought year. Rainfall for the state averaged 60 to 70% of normal, resulting in water shortages and low fuel moisture. The California Department of Forestry and Fire Protection (CDF) augmented engine crews and extended peak staffing time.

The early season produced normal activity. California experienced heavy lightning but only a few fires. June and July produced major fires in Southern California and the Sierra front in Amador-El Dorado and Tuolumne-Calaveras. July and August produced records for temperatures and continuous days of 100 degrees. This helped to set the stage for September's fire siege.

During September there were 19 major fires in California, the largest being the Miller Fire in Lake-Napa Ranger Unit, destroying 38,600 acres and seven dwellings. The most damaging fire was the 49'er in Nevada-Yuba-Placer Ranger Unit, destroying 148 homes.

The remainder of the year was relatively quiet. There was an unexpected burst of activity in early to mid-December caused by strong, dry north winds. Santa Ana task force, equipment, and personnel were utilized in Southern California early in December, then moved back to the north end of the state for fires in Regions I, II and the Mendocino National Forest.

CDF provided resources to the Yellowstone Fire; this was only the second time CDF responded out of state. A total of 116 CDF personnel were out of state during the height of the battle. This included two engine strike teams, two class 1 fire teams plus miscellaneous overhead.

1988 LARGE DAMAGING FIRE SUMMARY

The following list includes fires 300 acres or larger that burned at least:

30 acres of timber, or 300 acres of brush or 1500 acres of woodland and/or grass, or on which 3000 CDF person hours were expended.

The list is primarily CDF fires, but also includes some other agency fires on which CDF forces were significantly involved. The other agency fires shown are not a complete list of any other agencies large fires.

Abbreviations used in this list are:

DATE START = Date fire started.
DATE CONT. = Date fire contained.
ORIGIN D.P.A. = The agency on whose direct protection area (D.P.A.) the fire started.
ACRES BURNED = Acres burned in direct protection area of CDF, other agencies, and total area burned.
VEG.TYPE = Type of vegetation on area burned.
T = Timber
B = Brush
W = Woodland
G = Grass
AP = Agricultural Products
DWELLINGS AND STRUCTURES = Number of dwellings and structures destroyed or damaged. Dwellings and structures destroyed or damaged by fires not included on this list have not been tabulated.

MISC. ABBREVIATIONS:
NF = National Forest
USFS = United States Forest Service
BLM = Bureau of Land Management
CC = Contract County
BIA = Bureau of Indian Affairs
NP = National Park
N/A = Not Available
