FIRE STATISTICS

FOR

1953 ACTIVITIES

F. H. RAYMOND
ACTING STATE FORESTER

FOREWORD

The forest fire statistics tabulated herein are based on land areas of the State that are the direct fire protection responsibility of the California State Division of Forestry, either by Legislative direction or by agreement with counties or certain Federal agencies.

These land areas are divided into three zones called Zones I, II, and III.

Zone I is land principally privately owned and of primary timber and watershed value. Zone I is also termed Clarke-McNary land, and because of the national interest in timber and watershed, the State of California receives reimbursement from the federal government on a percentage of State expenditures for protection of these lands.

Zone II was established by legislative action in 1945 as the fire responsibility of the State of California, due both to its primary and secondary timber and watersheds as well as its range and erosion resistant values.

Zone II contains those lands situated usually between the Zone I Clarke-McNary lands and the valley floor; these lands are primarily privately owned and have no federal interest.

Zone III is principally valley land having no State or federal interest in timber, watershed, range or erosion. Fire protection on these lands is the responsibility of local agencies.

Zone III becomes involved in these statistics only because the California Division of Forestry contracts with those counties for Zone III protection where the State is already protecting mountain areas and is established in the fire protection business. Through these contracts the State does the entire protection job, and is reimbursed by the county concerned for the effort expended on non-State interest lands.

Therefore, the tabulations shown here are derived from reportable action on fires occurring on lands situated in the above three zones of the California State Division of Forestry direct protection area.

Not reported here are fires on lands protected by other agencies, such as the U. S. Forest Service, counties having their own forest protection facilities, fire districts and city fire departments, except where specifically noted. Fire Suppression action by State crews on these lands is shown. Action by these agencies on State direct protection responsibility lands is also shown.

DIRECT PROTECTION AREA

	Zone I & 2 (Acres)	Zone 3 (Acres)
District I	6,202,000	455,000
District II	4,747,000	2,178,000
District III	2,107,000	206,000
District IV	2,319,000	4,015,000
District V	4,675,000	1,356,000
District VI	2,756,000	2,033,000
STATEWIDE TOTAL	22,806,000	10,243,000

Zone I & 2 Areas: Generally speaking, the gross land area between the Zone 2-3 boundary and the USFS-CDF protection boundary, including intermingled Federal lands (with the exception of military). In counties where National Forests are absent the acreage figures are the gross Zone I and 2 areas, including intermingled Federal lands.

Zone 3 Areas: The gross agricultural and rural land areas in counties having a Schedule A protection agreement with the CDF.

ACREAGE DIRECTLY PROTECTED BY THE DIVISION OF FORESTRY.
