WILDFIRE ACTIVITY STATISTICS

FOREWORD

The California Public Resources Code directs the State Board of Forestry and Fire Protection to designate state and privately-owned forest, watershed, and rangeland as "State Responsibility Area (SRA)." The California Department of Forestry and Fire Protection's (CDF) mission is to protect natural resources on those lands from damage by wildfire. Land not designated as SRA, is the protection responsibility of federal or local fire agencies.

CDF provides wildland fire protection for most State Responsibility Area. The remainder is protected by several agencies and counties under contract with the state. CDF also contracts to provide wildland fire protection on certain federal lands, and provides contracted life and property protection for numerous local governments. This protection of other agency land becomes the "Direct Protection Responsibility" (DPA) of CDF.

This annual report is primarily a statistical record of fires and damage on DPA. The statistical information provide in these reports is gathered from CDF's Emergency Activity Reporting System (EARS) which was inducted on July 1, 1989.

GLOSSARY

CDF

California Department of Forestry and Fire Protection

CONTRACT COUNTY

Counties that protect State Responsibility Area with their fire departments. For providing that protection the counties receive payment from the state, and CDF support and reinforcement and reinforcement as needed for fire suppression. There are six contract counties: Kern, Los Angeles, Marin, Orange, Santa Barbara, and Ventura.

DIRECT PROTECTION

The area protected by an agency with its own fire protection force.

FEDERAL DPA

The direct protection area of U.S. Forest Service, Bureau of Land Management, National Park Service, Department of Defense, and Bureau of Indian Affairs. State Responsibility Area within federal DPA is protected by federal agencies.

LOCAL DPA

Area in which there is no State Responsibility Area. In general, this is valley floor and desert land. Fire protection in local DPA is provided by local government agencies; such as, cities, counties, and fire districts, or by the CDF under contract to local governments.

LOCAL DPA FIRE

A fire that is the responsibility of the local government.

STATE RESPONSIBILITY AREA (SRA)

The area designated by the State Board of Forestry on which the state assumes financial responsibility for protecting natural resources from damage by fire.

STATE RESPONSIBILITY WILDFIRE

A fire in SRA which burns or threatens to burn natural resources.

STATE DPA

State Responsibility Area and intermingled federal lands protected by the CDF. Most federal land in state DPA is protected by the CDF under contracts with federal; agreements with federal forest agencies. (4-party agreement)

WILDFIRE

Contraction of "wildland fire." This term is used by wildland fire protection agencies to indicate a vegetation fire. Wildfire generally replaces such terms as forest fire, brush fire, range fire, and grass fire.

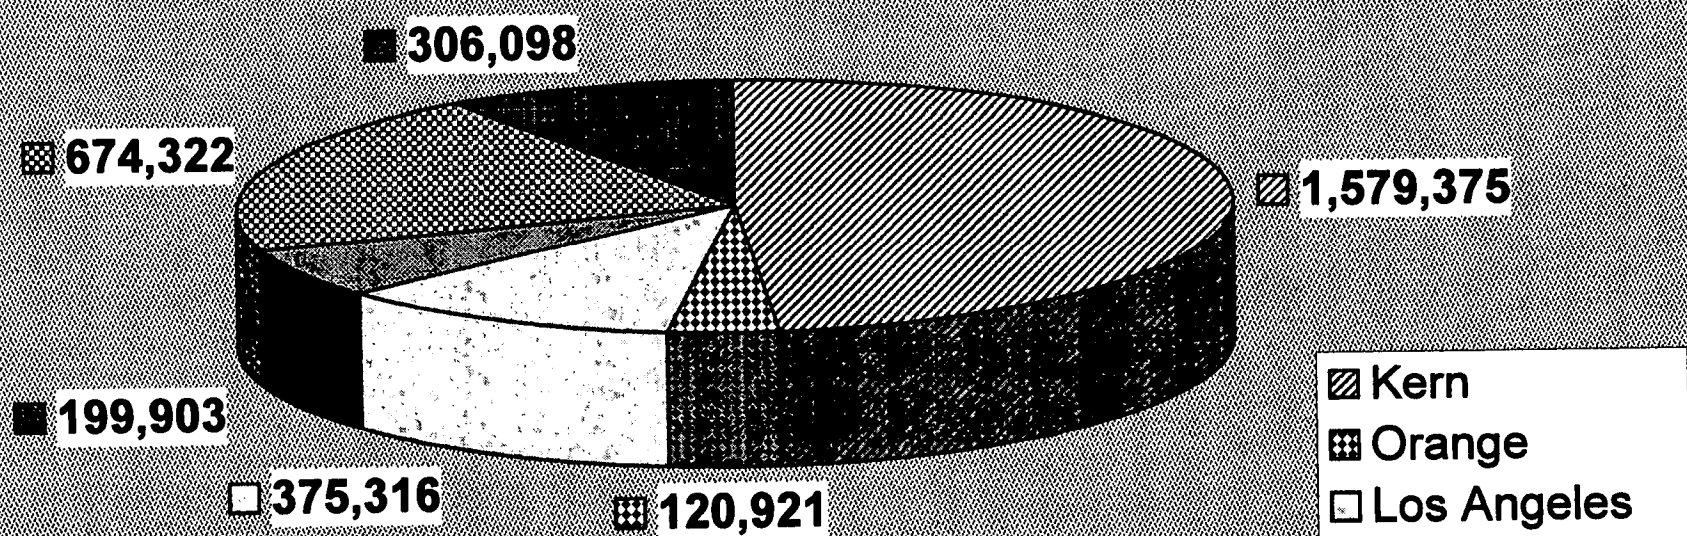
2005 DIRECT PROTECTION AREA ACRES BY CONTRACT COUNTY



3,255,935 TOTAL ACRES

WILDFIRE STATISTICS

ALL AGENCIES

2005 FIRE SUMMARY

CDF's firefighters, fire engines and aircraft respond to an average of 6,100 wildland fires and answer nearly 350,000 calls for other emergencies each year. The 2005 Fire season was a mild year which we have not seen since the year 2000. During 2005 CDF responded to 4,908 wildfires within its Direct Protection Area. This represents a decrease of 12% below last year and 20% below the 5-year average. These fires burned 74,004 acres which is 56% below last year and 61% below the 5-year average.

CDF officially began fire season from May 30, through the first week of June. During the months of September and October fire season was fully underway causing dozens of large damaging fires throughout the state. These out of control fires are common in California during the summer and fall months due to a combination of strong winds, high temperatures and dry vegetation. The season ended on various dates from October in some of the Coastal units through December 5th in the Southern units.

It is CDF's goal to keep 95% of the fires contained to 10 acres or less which was accomplished this year with 94.9%. This percentage reflects the 4,660 wildfires which burned 10 acres or less out of the total 4,908 wildfires.

The top five fires in acreage burned in CDF direct protection area:

FIRE	COUNTY	START DATE	CDF ACRES BURNED	FIRE CAUSE	STRUCTURES DESTROYED

LARGE DAMAGING FIRE CRITERIA:

The above list includes fires 300 acres or larger that burned at least:

30 acres of timber or
300 acres of brush or
1,500 acres of woodland or
1,500 acres of grass or
1,500 acres of agricultural products or
3 or more structures destroyed or
$300,000 or more dollar damage loss

Abbreviations used in this list are:

ORIGIN D.P.A.	=	The agency on whose Direct Protection Area (D.P.A.) the fire started.
ACRES BURNED	=	Acres burned in Direct Protection Area of CDF, other agencies and total area burned.
VEGETATION TYPE	=	Type of vegetation burned
T	=	Timber
B	=	Brush
W	=	Woodland
G	=	Grass
A	=	Agricultural Products
STRUCTURES	=	Number of dwellings or structures destroyed or damaged. Dwellings and structures destroyed or damaged by fires not included on this list have not been tabulated.

WILDFIRE STATISTICS

CDF DIRECT PROTECTION AREA

GENERAL FIRE CAUSE DEFINITIONS

UNDETERMINED – After investigation the cause of the fire is not known.

LIGHTNING – Fire started by lightning.

CAMPFIRE – Fire started from a campfire. A "campfire" is a fire used for cooking, warmth, lighting, ceremonial, or aesthetic purposes, not with in a building, mobile home, or living accommodation mounted on a motor vehicle." (4103.5 PRC) In addition to the traditional type of open campfires, this category includes lanterns, and cooking and warming stoves used in camping or ceremonial activity, etc. when outside a building, mobile home, or living accommodation mounted on a motor vehicle.

SMOKING – Fire started from smoking tobacco or other material; includes matches and other heat sources used in smoking.

DEBRIS BURNING – Fire started by burning refuse, slash, trash, rights-of-way, or rangeland

Dooryard – Fire started by burning a trash pile, incinerator, etc., usually with a dooryard-burning permit, Form LE-62.

Other – Fire started by project, contract, slash or other burning, usually with a Project Permit Form LE-7, or application and burning permit, Form LE-5.

ARSON – Fire started willfully and maliciously to burn or attempt to burn structures, forest land, or property.

EQUIPMENT USE – Fire started by the use of mechanical or electrical equipment.

Stationary Equipment – Fire started by any mechanical equipment that is stationary (not normally portable).

Portable Equipment – Fire started by any mechanical equipment or tool that is portable (not normally stationary).

Other Equipment – Fire started by any equipment not listed above.

VEHICLE – Fire started by a motorized transportation vehicle.

RAILROAD – Fire started by railroad rolling stock, such as speeder, locomotive, or rail car.

ELECTRICAL POWER – Fire started by electric distribution or transmission, powerline – hardware, pole or tower, and conductors, to the user's meter.

PLAYING WITH FIRE – Fire started without malicious intent by adults or children playing or experimenting with fire or fire-causing agents. Includes fires started unintentionally while playing with fireworks, toys, models and other fire-causing devices. When children cause a fire by smoking, the intent determines the cause, i.e., if smoking as a play activity, use "Playing with fire"; if smoking as a smoker, the cause is "Smoking."

OTHER CAUSE OR OTHER/MISCELLANEOUS – Fire started by events or activities that cannot be logically placed in any of the preceding "cause" classifications. Examples are electrical wiring on user's side of meter, explosives and munitions (without arson intent) fireworks or signal devices (not in play activity), spontaneous combustion, spark from fireplace (when not debris burning), horseshoe spark, light bulb, or natural source (not lightning). Do not use for fires of unknown cause unless "other is the most logical choice of causes.

PROTECTION RESPONSIBILITY DEFINITIONS

The statistics in this report contains all wildfires that burned in State Zone. These reports do not capture data on Local Zones, Local Government Contract, Federal Zones, Contract Counties and incorporated cities.

The following reports are captured in this annual report:

State Zone – Wildland Burned or threatened.

1.1 **State Zone – CDF DPA**, Statutory Responsibility – State State responsibility wildland burned or threatened.

1.2 **State Zone – CDF DPA**, Statutory Responsibility – USFS. State responsibility wildland burned or threatened; land is owned by U.S.F.S. and protected by CDF under a cooperative agreement.

1.3 **State Zone – CDF DPA,** Statutory Responsibility – B.L.M. State Responsibility wildland burned or threatened; land is owned by the B.L.M. and protected by CDF under cooperative agreement.

1.4 **State Zone – CDF DPA**, Statutory Responsibility – B.I.A. State responsibility wildland burned or threatened; land is under jurisdiction of B.I.A. and protected by CDF under cooperative agreement.

1.5 **State Zone – CDF DPA**, Statutory Responsibility – N.P.S. State responsibility wildland burned or threatened; land is owned by the N.P.S. and protected by CDF under cooperative agreement.

1.6 **State Zone – CDF DPA**, Statutory Responsibility – B.O.R. State responsibility wildland burned or threatened; land is owned by the B.O.R. and protected by CDF under cooperative agreement.

1.7 **State Zone – CDF DPA**, Statutory Responsibility – Other Federal. State responsibility wildland burned or threatened; land is owned by a federal agency not specified above, except military, and protected by CDF under cooperative agreement.

1.8 **State Zone – CDF DPA**, Statutory Responsibility – Other. State responsibility wildland burned or threatened; land is owned by a non-federal or non-state agency and protected by CDF under cooperative agreement.
