WILDFIRE ACTIVITY STATISTICS

FOREWORD

The California Public Resources Code directs the State Board of Forestry to designate state and privately–owned forest, watershed, and rangeland as "State Responsibility Area." The department's fire protection mission is to protect natural resources on those lands from damages by wildfire. Land not designated as State Responsibility Area is the protection responsibility of federal or local agencies.

The Department of Forestry and Fire Protection provides direct protection for most State Responsibility Area. The remainder is protected by several agencies and counties under contract with the state. The Department of Forestry and Fire Protection also contracts to provide wildland fire protection on certain federal lands, and also provides contracted life and property protection for numerous local governments.

This annual report is primarily a statistical record of fires and damages on State Responsibility Area, and on other areas which the Department of Forestry and Fire Protection protects under contract.

The Emergency Activity Reporting System became effective July 1, 1989. Fire data is entered into the computer at the fire station level, then forwarded to the ranger unit headquarters via a modem and phone lines for storage in the ranger unit database. A copy of it is then forwarded to Sacramento Headquarters for storage in the state database.

GLOSSARY

CDF
California Department of Forestry and Fire Protection

CONTRACT COUNTY
Counties that protect State Responsibility Area with their fire departments. For providing that protection the counties receive payment from the state, and CDF support and reinforcement as needed for fire suppression. There are six contract counties: Kern, Los Angeles, Marin, Orange, Santa Barbara, and Ventura.

DIRECT PROTECTION
The area protected by an agency with its own fire protection force.

FEDERAL ZONE
The direct protection area Of U.S. Forest Service, Bureau of Land Management, National Park Service, Department of Defense, and Bureau of Indian Affairs. State Responsibility Area within federal zone is protected by federal agencies. For providing that protection the federal agencies receive payment from the state.

LOCAL ZONE
Area in which there is no State Responsibility Area. In general, this is valley floor and desert land. Fire protection in local zone is provided by local government agencies; such as, cities, counties, and fire districts, or by the CDF under contract to local governments.

LOCAL RESPONSIBILITY FIRE
A fire that did not burn or threaten to burn natural resources.

STATE RESPONSIBILITY AREA (SRA)
The area designated by the State Board of Forestry on which the state assumes financial responsibility for protecting natural resources from damage by fire.

STATE RESPONSIBILITY WILDFIRE
A fire in SRA which burns or threatens to burn natural resources.

STATE ZONE
State Responsibility Area and intermingled islands of federal land protected by the CDF and contract counties. Most federal land in state zone is protected by the CDF under contracts with federal agencies.

WILDFIRE
Contraction of "wildland fire." This term is used by wildland fire protection agencies to indicate a vegetation fire. Wildfire generally replaces such terms as forest fire, brush fire, range fire, and grass fire.

WILDFIRE STATISTICS

ALL AGENCIES

1992 FIRE SEASON SUMMARY

The State of California was faced with the potential for another disastrous year, as it entered the sixth year of record–setting drought. This time it wasn't just the parched lake beds, dwindling streams, or the parched and dying wildlands that were affecting California; the stagnant economy also had a firm grasp around the state's fiscal neck.

California seemed to reel from one disaster to another throughout the entirety of 1992. The year began and ended with a huge budget deficit that affected all levels of government agencies within the state. The California Department of Forestry and Fire Protection (CDF) took its share of budget cuts, even though it was faced with a potentially, disastrous fire season. The most notable cut from the firefighting forces were 6 airtankers. The other disasters plaguing the state included earthquakes, both on the north coast and in the southern deserts; the Los Angeles riots; the torrential rain and snowstorms that ended the year; and of course, the devastating fire season.

The explosive fire season took its toll with over 191,490 acres burned, which was 170% of the five–year average and 7,939 fires, which was 110% of the five–year average. The most significant fires for the year, in CDF's jurisdiction, are listed below:

NAME	RANGER UNIT	ACRES BURNED	STRUCTURES DESTROYED
Fountain	Shasta–Trinity	63,960	674
Old Gulch	Tuolumne–Calaveras	17,386	170
Moccasin	Tuolumne–Calaveras	8,370	10
Villa	Butte	6,700	20
Burton	Butte	6,000	0

The cost of controlling 1992 incidents topped $70 million which far exceeded the $30 million budgeted in California's Emergency Fund. This over expenditure of the emergency fund not only added to the 1992–93 fiscal budget crunch, but will propably be carried over to 1993–94 fiscal year as an additional burden.

CDF's emergency incident management and support expertise were recognized and used in an even broader sense last year, when it was called to assist with the management and support of the North Coast, the southern desert earthquakes, and the Los Angeles riots.

DIRECT PROTECTION AREA OF:	WILDFIRES	ACRES BURNED
California Department of Forestry and Fire Protection	7,939	191,490

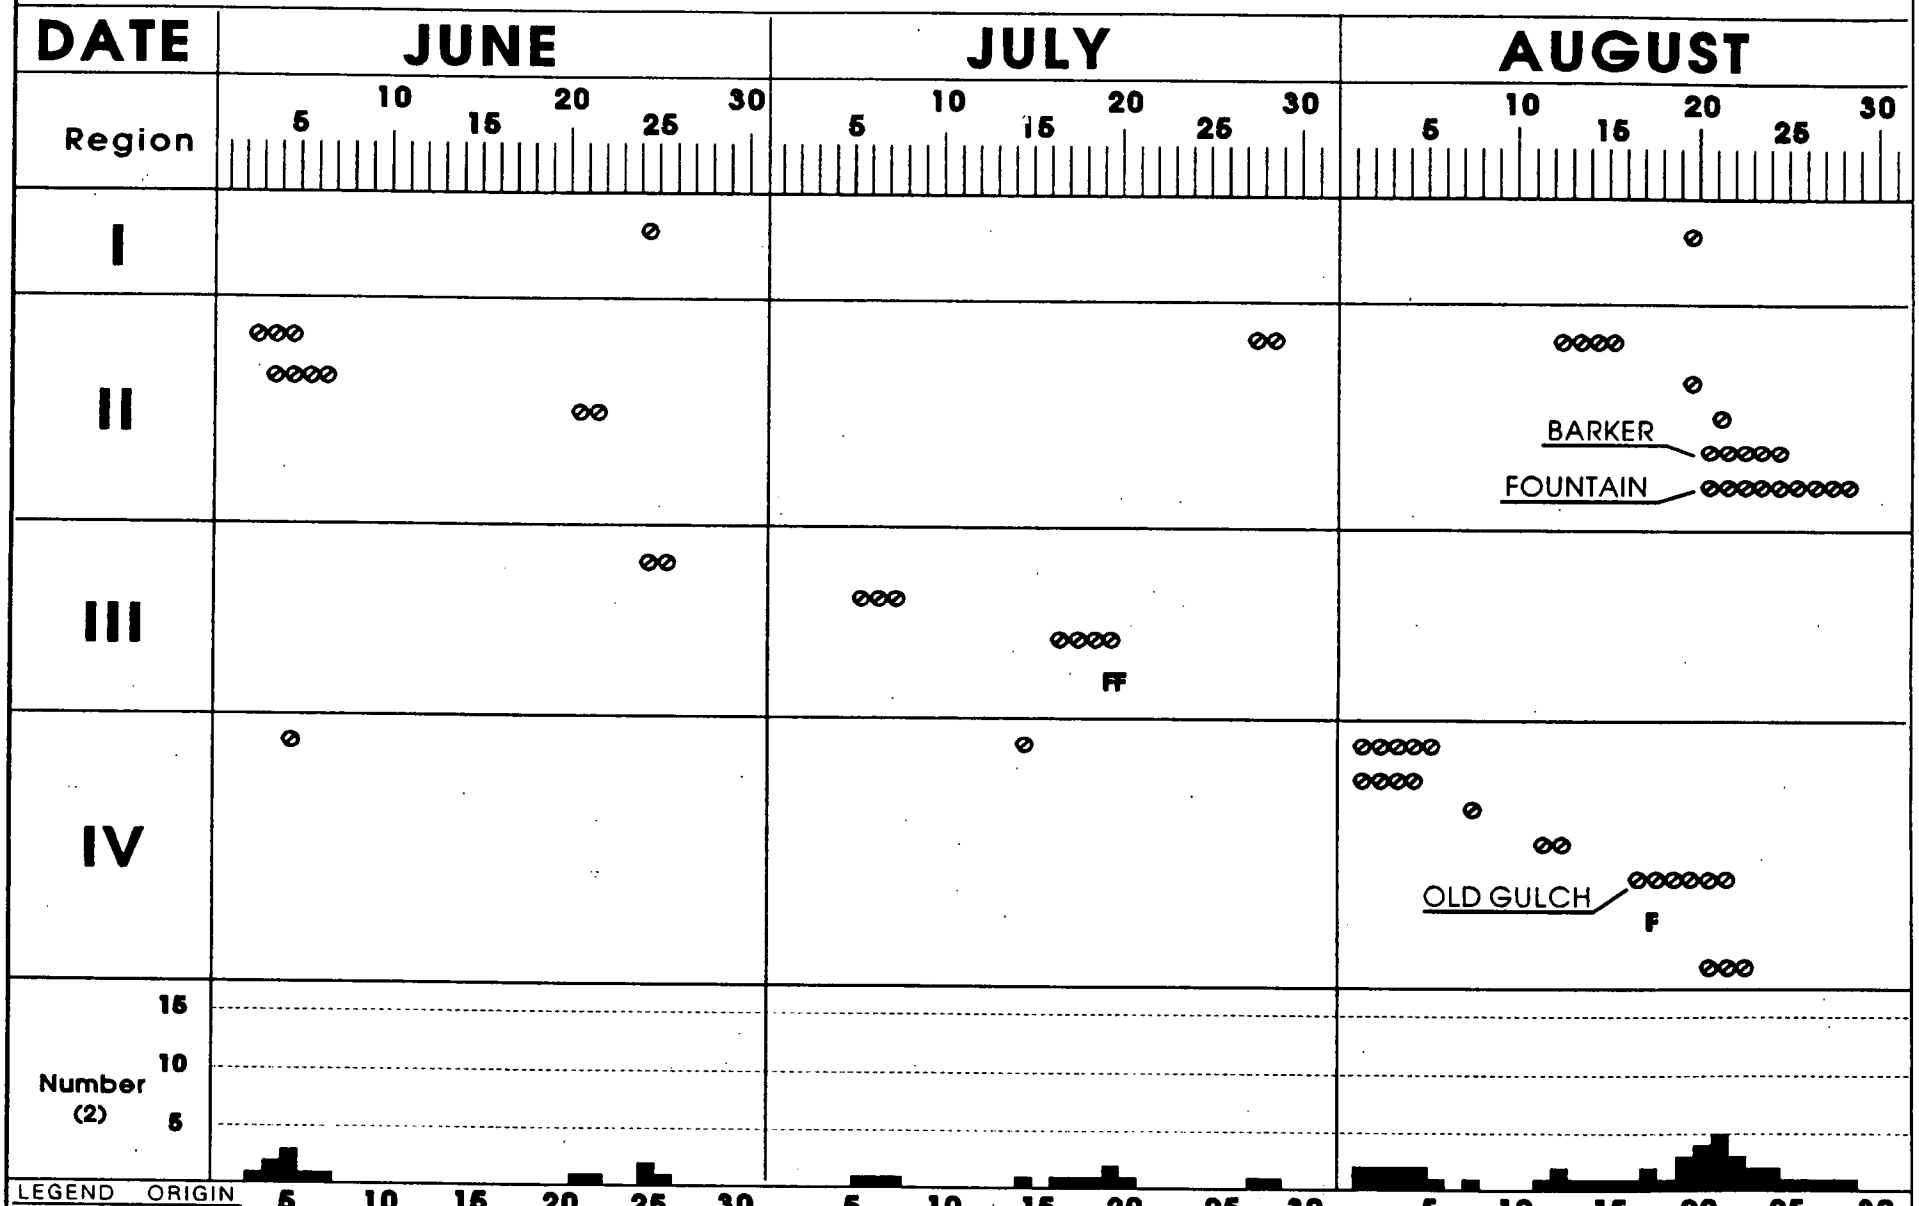
LARGE DAMAGING FIRE CRITERIA:

The above list includes fires 300 acres or larger that burned at least:
30 acres of timber, or
300 acres of brush, or
1500 acres of woodland, or
1500 acres of grass, or
1500 acres agricultural products, or
destroys 3 residential dwellings, or
destroys 1 commercial building, or
$300,000 or more dollar damage loss, or
3000 CDF person hours were expended on the fire

Abbreviations used in this list ARE:

ORIGIN D.P.A.	=	The agency on whose Direct Protection Area (D.P.A.) the fire started.
ACRES BURNED	=	Acres burned in direct protection area of CDF, other agencies, and total area burned.
VEGETATION TYPE	=	Type of vegetation burned
T	=	Timber
B	=	Brush
W	=	Woodland
G	=	Grass
AP	=	Agricultural Products
DWELLINGS OR STRUCTURES	=	Number of dwellings or structures destroyed or damaged. Dwellings and structures destroyed or damaged by fires not included on this list have not been tabulated.

1992 LARGE DAMAGING FIRE[1] CALENDAR

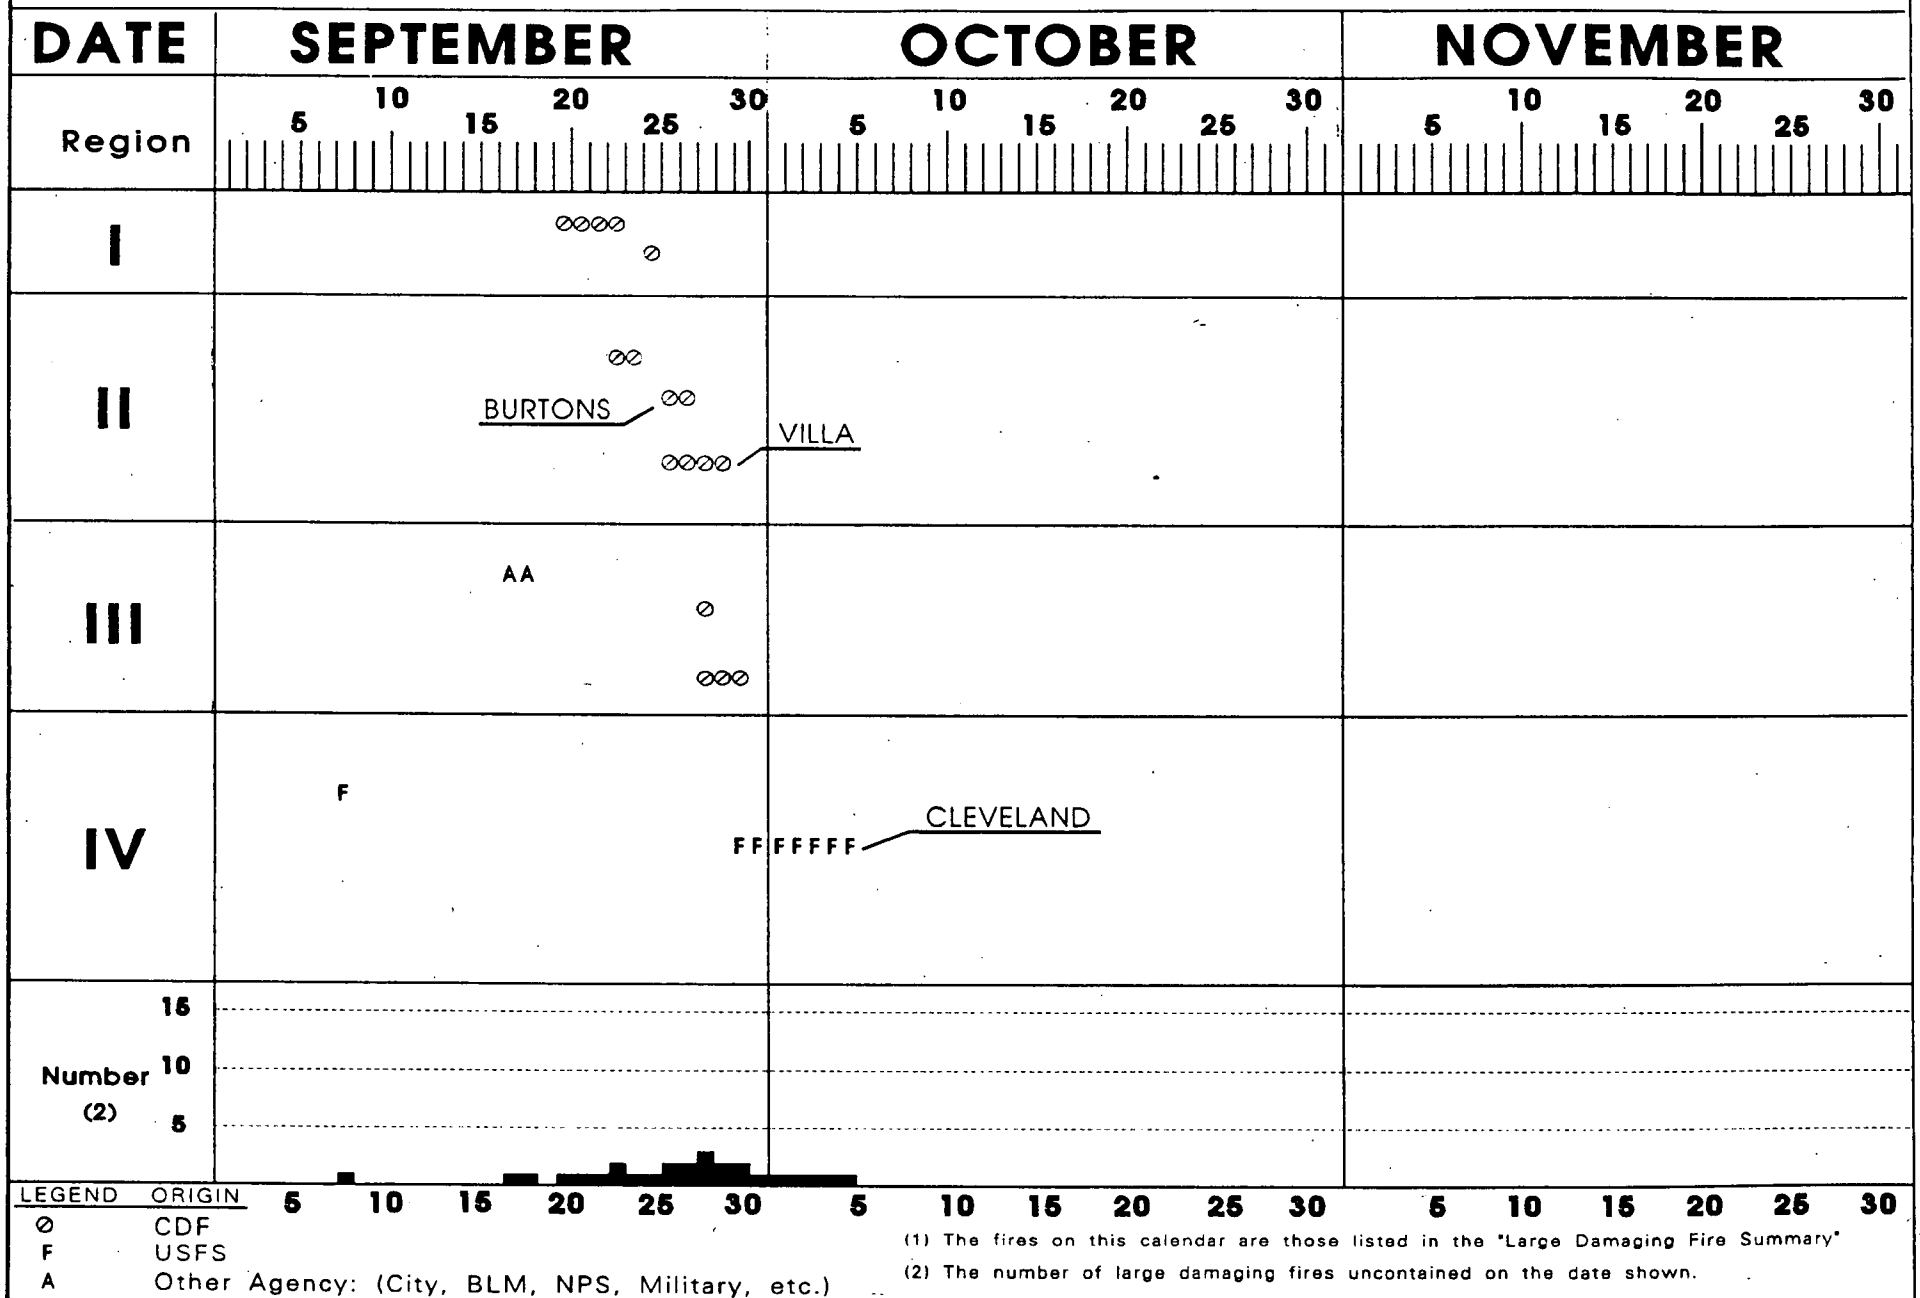


LEGEND	ORIGIN
⊘	CDF
F	USFS
A	Other Agency: (City, BLM, NPS, Military, etc.)

(1) The fires on this calendar are those listed in the "Large Damaging Fire Summary"

(2) The number of large damaging fires uncontained on the date shown.

1992 LARGE DAMAGING FIRE[1] CALENDAR



(1) The fires on this calendar are those listed in the "Large Damaging Fire Summary"

(2) The number of large damaging fires uncontained on the date shown.
