WILDFIRE ACTIVITY STATISTICS

FOREWORD

The California Public Resources Code directs the State Board of Forestry to designate state and privately-owned forest, watershed, and rangeland as "State Responsibility Area." The department's fire protection mission is to protect natural resources on those lands from damage by wildfire. Land not designated as State Responsibility Area is the protection responsibility of federal or local agencies.

The Department of Forestry and Fire Protection provides direct protection for most State Responsibility Area. The remainder is protected by several agencies and counties under contract with the state. The Department of Forestry and Fire Protection also contracts to provide wildland fire protection on certain federal lands, and also provides contracted life and property protection for numerous local governments.

This annual report is primarily a statistical record of fires and damages on State Responsibility Area, and on other areas which the Department of Forestry and Fire Protection protects under contract.

The Emergency Activity Reporting System became effective July 1, 1989. Fire data is entered into the computer at the fire station level, then forwarded via modem and phone lines to Sacramento Headquarters for storage in the state database.

GLOSSARY

CDF

California Department of Forestry and Fire Protection

CONTRACT COUNTY

Counties that protect State Responsibility Area with their fire departments. For providing that protection the counties receive payment from the state, and CDF support and reinforcement and reinforcement as needed for fire suppression. There are six contract counties: Kern, Los Angeles, Marin, Orange, Santa Barbara, and Ventura.

DIRECT PROTECTION

The area protected by an agency with its own fire protection force.

FEDERAL DPA

The direct protection area of U.S. Forest Service, Bureau of Land Management, National Park Service, Department of Defense, and Bureau of Indian Affairs. State Responsibility Area within federal DPA is protected by federal agencies.

LOCAL DPA

Area in which there is no State Responsibility Area. In general, this is valley floor and desert land. Fire protection in local DPA is provided by local government agencies; such as, cities, counties, and fire districts, or by the CDF under contract to local governments.

LOCAL DPA FIRE

A fire that is the responsibility of the local government.

STATE RESPONSIBILITY AREA (SRA)

The area designated by the State Board of Forestry on which the state assumes financial responsibility for protecting natural resources from damage by fire.

STATE RESPONSIBILITY WILDFIRE

A fire in SRA which burns or threatens to burn natural resources.

STATE DPA

State Responsibility Area and intermingled federal lands protected by the CDF. Most federal land in state DPA is protected by the CDF under contracts with federal; agreements with federal forest agencies. (4-party agreement)

WILDFIRE

Contraction of "wildland fire." This term is used by wildland fire protection agencies to indicate a vegetation fire. Wildfire generally replaces such terms as forest fire, brush fire, range fire, and grass fire.

2000 FIRE SEASON SUMMARY

Fire season 2000 was relatively mild, with wildland fires totaling 5,177, and acres burned at 72,718. This represents a decrease in fires of 31% from last year, and a 22% decrease from the five-year average. Acreage numbers reflect a 75% decrease from last year, and a 54% decrease from the five-year-average. During a year which some are declaring one of the most severe wildland fire seasons in U.S. history, California's mild season allowed CDF the opportunity to provide assistance to other hard hit states. At he peak of our out of state activity, CDF had 7 Engine Strike Teams, 63 Overhead positions (this number includes one Incident Command Team), and 2 Crew Strike Teams in the states of Idaho, Montana, Nevada, Colorado, Utah, and Wyoming. Fire season closed as expected in the northern portion of California and slightly early in the southern portion.

The top five fires in acreage burned in CDF direct protection area:
