WILDFIRE ACTIVITY STATISTICS

FOREWORD

The California Public Resources Code directs the State Board of Forestry to designate state and privately-owned forest, watershed, and rangeland as "State Responsibility Area." The department's fire protection mission is to protect natural resources on those lands from damage by wildfire. Land not designated as State Responsibility Area is the protection responsibility of federal or local agencies.

The Department of Forestry and Fire Protection provides direct protection for most State Responsibility Area. The remainder is protected by several agencies and counties under contract with the state. The Department of Forestry and Fire Protection also contracts to provide wildland fire protection on certain federal lands, and also provides contracted life and property protection for numerous local governments.

This annual report is primarily a statistical record of fires and damages on State Responsibility Area, and on other areas which the Department of Forestry and Fire Protection protects under contract.

The Emergency Activity Reporting System became effective July 1, 1989. Fire data is entered into the computer at the fire station level, then forwarded to the ranger unit headquarters via a modem and phone lines for storage in the ranger unit database. A copy of it is then forwarded to Sacramento Headquarters for storage in the state database.

GLOSSARY

CDF
California Department of Forestry and Fire Protection

CONTRACT COUNTY
Counties that protect State Responsibility Area with their fire departments. For providing that protection the counties receive payment from the state, and CDF support and reinforcement as needed for fire suppression. There are six contract counties: Kern, Los Angeles, Marin, Orange, Santa Barbara, and Ventura.

DIRECT PROTECTION
The area protected by an agency with its own fire protection force.

FEDERAL ZONE
The direct protection area of U.S. Forest Service, Bureau of Land Management, National Park Service, Department of Defense, and Bureau of Indian Affairs. State Responsibility Area within federal zone is protected by federal agencies.

LOCAL ZONE
Area in which there is no State Responsibility Area. In general, this is valley floor and desert land. Fire protection in local zone is provided by local government agencies; such as, cities, counties, and fire districts, or by the CDF under contract to local governments.

LOCAL RESPONSIBILITY FIRE
A fire that did not burn or threaten to burn natural resources.

STATE RESPONSIBILITY AREA (SRA)
The area designated by the State Board of Forestry on which the state assumes financial responsibility for protecting natural resources from damage by fire.

STATE RESPONSIBILITY WILDFIRE
A fire in SRA which burns or threatens to burn natural resources.

STATE ZONE
State Responsibility Area and intermingled islands of federal land protected by the CDF and contract counties. Most federal land in state zone is protected by the CDF under contracts with federal agencies.

WILDFIRE
Contraction of "wildland fire." This term is used by wildland fire protection agencies to indicate a vegetation fire. Wildfire generally replaces such terms as forest fire, brush fire, range fire, and grass fire.

1998 FIRE SEASON SUMMARY

As fire season came to an end for the 1998 season, it gave us a chance to look back at what most thought would be a busy fire season. With the "El Nino" weather pattern extending into the spring months, there was a prediction that CDF would experience an above normal incidence of lightning-caused fires. However this prediction did not materialize. Aggressive firefighting, mild weather, legislation providing 3-0 staffing on CDF engines, all combined to keep wildfire damage in California below the 5-year average this fire season.

On three occasions in 1998, CDF expertise was requested both domestically and internationally. In June, CDF sent two Fire Captains to Mexico. In July, a CDF Staff Chief was sent to Florida, and in September 17 CDF members were sent on Overhead assignments to various fires in Montana.

The top five fires in acreage burned in CDF direct protection area:
